What do you do now and what are you planning for the future? We service the entire Sullivan County region in commercial and residential real estate. The focus for the future is to maintain a strong market share in both commercial and residential real estate and to continue to offer the best client/customer service in Sullivan County.

Favorite movie: "Sound of Music," and "It's a Wonderful Life"

Persons you admire most (outside of the family): There are so many – and the list is always changing. Right now, I very much respect and admire Alan Gerry.

If you had to choose another vocation what would it be? I was born to sell and to be creative and I have a very high level of energy. I am happy in real estate and have been able to get my creativity fix through the marketing part of it. My heart is in the arts, so I would have to turn to designing or advertising, something along those lines.
