New real estate speed networking event to be held May 14th in Boston

Jeremy Cyrier, CCIM of MANSARD Commercial Properties and Brecht Palombo of Tranzon/Provest have teamed up to introduce a new real estate speed networking group.

Boston Real Estate Speed Networking offers a limited number of seats based on real estate industry category: brokers, lenders, attorneys, architects, engineers, etc. Seats are limited so that attendees maximize their time by meeting professionals in fields other than their own.

The first event is scheduled for May 14. Information is available at BostonRESpeedNetworking.com.
