Jewett Metal Buildings & Steel Erectors contracts with Maine Oxy to construct a 5,000 s/f warehouse

December 20, 2013 - Front Section

Jewett Metal Buildings & Steel Erectors, a division of Raymond, NH-based Jewett Construction Co., Inc., has contracted with Maine Oxy to construct a warehouse addition at its South Portland facility. The new 5,000 s/f Corle pre-engineered metal building will be connected to two other pre-existing structures—a retail building and a gas cylinder storage building. Fire walls are being constructed to separate the different uses of the spaces.

Jewett Metal - a member of the Metal Building Contractors and Erectors Association, Steel Fabricators of New England, and the Steel Erectors Association of America—provides professional, pre-engineered metal building sales, installation and consulting, erects structural steel, and provides welding and miscellaneous metals work to clients all over New England.
