THE LARGEST WEEKLY COMMERCIAL/INVESTMENT NEWSPAPER COVERING THE STATE

Six of Sebago Technics employees earn LEED AP

Sebago Technics, Inc., a member of the USGBC, recognized employees who have recently been awarded the status of Leadership in Energy and Environmental Accredited Professional (LEED AP).

Will Conway RLA, Joe McLean, PE, Kylie Mason, RLA, Rick Meek, PE, Ryan Russell, RLA and Stephanie Hubbard, PE have all successfully passed the accreditation exam. The company has recently performed site design and engineering services on several projects awarded a LEED green building certification based on guidelines established by USGBC.

These projects include two sites in Freeport for L.L. Bean, the University of Southern Maine residence hall on their Gorham campus and the Portsmouth Public Library. A LEED certification benefits the environment while offering an economic return.
