Merritt 7 Corporate Park receives award

According to Albert D. Phelps, Inc., managing and leasing agent for Merritt 7 Corporate Park, Merritt 7 Corporate Park was recognized by Connecticut Governor M. Jodi Rell and Joseph Marie, commissioner, Connecticut Department of Transportation, with an award in recognition of outstanding support of the Tri-State Five Million Mile Rideshare Challenge.

The Tri-State Five Million Mile Rideshare Challenge began in April 2007 as a regional event that encouraged companies and commuters to rideshare and reduce five million miles of driving in Connecticut, New York and New Jersey. Area employers actively supported the challenge by "racing" against each other and promoting the event to their employees.

The governor's office applauded more than a dozen companies and businesses for their efforts to cut down on fuel usage.
