THE LARGEST WEEKLY COMMERCIAL/INVESTMENT NEWSPAPER COVERING THE STATE

Thru the Lens

Employees of New Boston Fund recently participated in Youth Build Boston's UBuild program which pairs socially responsible corporations with the students and staff of YBB to aid in rehabilitation projects that benefit local communities.

The event is part of the Project Advantage program at Franklin Park and uses hand-on exploration of the green industry to offer alternative academic and vocational training. New Boston's employees worked alongside students from YBB on various projects including landscaping, carpentry, and planting.
