Davenny of Acentech earns LEED AP BD&C and EDAC

January 20, 2010 - Green Buildings

Benjamin Davenny of Acentech Inc. achieved recognition as a Leadership in Energy and Environmental Design Accredited Professional for Building Design and Construction (LEED AP BD+C), as well as having earned Evidence-Based Design Accreditation and Certification (EDAC) from the Center for Health Design. Davenny is a senior consultant in the firm's architectural acoustics group.

Davenny is an acoustician involved in a variety of projects concerning healthcare, worship, commercial, and residential buildings. His responsibilities involve architectural and environmental acoustics, and mechanical systems noise and vibration control. *
