## **Trodella of J.&M. Brown Co. earns LEED Green Assoc.**

February 17, 2010 - Construction Design & Engineering

Joseph Trodella, executive vice president of J.&M. Brown Company, Inc. has earned his Leadership in Energy and Environmental Design (LEED) Green Associate (GA) accreditation.

The LEED accreditation program provided by the U.S. Green Building Council (USGBC) is a three-tiered exam. "LEED Professional Credentials indicate professional excellence and a depth of knowledge and practical understanding of LEED Rating Systems," according to the USGBC.

"We are proud to announce that Joe has achieved LEED Green Associate certification," said David Noon, president of J.&M. Brown. "J.&M. Brown is committed to leading the industry in the construction of sustainable, energy efficient buildings and Joe's diligence in attaining LEED certification is integral to our mission."

Achieving this certification, Trodella will bring his LEED expertise to J.&M. Brown's diverse client base that includes leading educational, healthcare, and commercial companies in the region. He will spearhead J. & M. Brown's concerted efforts to promote and enhance sustainability for their client firms.

As executive vice president of J.&M. Brown, Trodella is responsible for new project development and serves as the director of client services.
