Jewett begins addition project for J.P. Sercel

May 04, 2010 - Northern New England

Jewett Construction Co., Inc. has recently begun Phase I of construction on a manufacturing addition for J.P. Sercel Associates, Inc.

The 25,330 s/f addition will consist of a 23,000 s/f structure with an office mezzanine, and a separate 2,330 s/f elevated steel-framed addition will house a new conference room. Construction will be performed in three phases - from site work and concrete foundations to pre-engineered building erection; steel; miscellaneous metals; and interior finishes to design-build plumbing, HVAC, and electrical systems to be based on an outline scope of work.
