EnviroVantage receives Key Const. Industry Leader award from The Associated Builders and Contractors

May 04, 2010 - Owners Developers & Managers

EnviroVantage was recently honored as a "Key Construction Industry Leader" and was also accepted as a member into the Excellence in Construction Awards Winners Club by The Associated Builders and Contractors.

The awards were presented at an exclusive Associate Builders and Contractors reception at Boynton's Taproom in Manchester. Attendance was limited to the winners of Excellence in Construction Awards. Over 50 winning companies and their guests attended.

The awards follow a pattern of excellence awards that EnviroVantage has received over the last 2 years. In 2009, the company won two Excellence in Construction Awards, the first for its work at The Common Man Inn & Restaurant project in Claremont and another for its part in the restoration of The Exeter Inn.

EnviroVantage is also a two time winner of Business of the Year and New England's Environmental & Specialty Services Contractor honor providing services such as the removal of lead, asbestos and mold, demolition, high performance coatings, surface preparation and cleaning, environmental clean-up and more.
