Advantage Const. to build Valenti Subaru

June 09, 2010 - Rhode Island

Advantage Construction has been awarded the construction contract for Valenti Subaru.

Advantage is constructing a new 30,000 s/f Toyota auto dealership and showroom for the Valenti family next door to the original building. The former Toyota site will undergo exterior façade renovations.

The Subaru slate icon tower will be constructed at the showroom entrance and will contain a 36 inch Subaru Star Cluster. Other exterior updates include blue and silver ACM paneling on the front of the building and painted EFIS on the sides. Advantage will have the challenge of performing the renovations with as little disruption as possible while business is still being conducted in the 4,000 s/f showroom. Completion is scheduled for August.
