Edens & Avant breaks ground for 1.9m s/f mixed-use development

July 21, 2010 - Retail

Edens & Avant recently broke ground for Mosaic, a 31-acre urban mixed-use development, at the intersection of I-66 and the Beltway (I-495). The project is part of a long-term revitalization of key areas in Fairfax County.

"As a company, we are energized to be a part of the revitalization of this district in Fairfax County," said Jodie McLean, president and chief investment officer of privately-held Edens & Avant, the developer behind the 1.9 million s/f project. "We view our project as the ember of a much larger urban plan that will be the catalyst of economic and community development for a much larger district."

Opening in fall 2012, the first phase of the project is more than two-thirds leased and includes a mix of 400,000 s/f of both national and local retailers, an eight-screen art house cinema, 150-room boutique hotel, 60,000 s/f of Class A office space, and 114 urban town homes.

Edens & Avant is planning a one-acre park among other public amenities as part of the first phase. Mosaic is participating in the U.S. Green Building Council's pilot program for LEED Neighborhood Development.
