September 09, 2010 - Front Section

Jones Lang LaSalle has completed a lease for 12,183 s/f of first-class office space to Covenant Health Systems in Ames Pond Corporate Center. The 154,200 s/f business park located in a natural setting overlooking Ames Pond is owned by Leggat McCall Properties LLC, in a joint venture with Dead River Properties, LLC.

The move to 100 Ames Pond is a relocation from 420 Bedford St. in Lexington. Senior vice president Peter Richardson and assistant vice president Troy Coady of Jones Lang LaSalle negotiated on behalf of the owners. Covenant Health Systems was represented by CresaPartners principals Shawn McDonough and Joseph Doyle.

The two buildings at 100 and 200 Ames Pond are located at the interchange of I-495 and Rte. 133. They are currently 86% leased to eight tenants.

Current tenants at Ames Pond Corporate Center include: Starent Networks; Cambridge Heart; CompuCom; MetLife, Inc.; WellPet; and X-Rite.

According to Bill Gause, Senior Vice President for Leggat McCall Properties, "We are excited to welcome Covenant Health Systems to Ames Pond Corporate Center. We understand that Covenant had many choices in relocating from Lexington, and we are delighted that they recognized the many attributes of the Park and decided to relocate their headquarters here."

Built for MetLife in 1988, amenities at Ames Pond Corporate Center include mature woodlands, jogging trails, men's and women's locker rooms with showers, and food service on site operated by Rebecca's Caf  . Recent capital improvements have been made including new roofs, roof top HVAC units, lobby renovations, bathroom upgrades, a Honeywell EMS, and exterior upgrades throughout.

There is currently 22,000 square feet available in the park.

"On behalf of the ownership, we welcome Covenant Health Systems to Ames Pond Corporate Center," said Jones Lang LaSalle's Richardson. "The company is an ideal tenant for the park. Everyone is eager to continue building our relationship with Covenant. We believe that this long-term commitment exemplifies their comfort level with the ownership group and the strengths of the asset."
