GEI to provide geotech services for USACE

September 15, 2010 - Construction Design & Engineering

GEI Consultants, Inc. has been selected to provide geotechnical engineering and related services for the United States Army Corps of Engineers (USACE), North Atlantic Division under an Indefinite Delivery, Indefinite Quantity contract valued at up to \$1 million per year with a one-year minimum period and four optional one-year periods. This contract is a continuation of GEI's successful relationship with the Corps.

Under the agreement, GEI Consultants will provide general geotechnical engineering and related services such as performing investigations, studies, designs or technical evaluations primarily within the boundaries of the USACE New England District.
