Sensitech extends 60,000 s/f lease at Cummings Center in Beverly

January 06, 2011 - Front Section

Sensitech Inc. recently renewed its lease for 60,000 s/f of prime office, production, and distribution space at 800 Cummings Center. Founded in 1990, Sensitech moved to Cummings Center eight years later, after outgrowing its previous area location. Since that time, the company has more than doubled its square footage through two major expansions.

Sensitech general manager Mike Hurton said, "Cummings Center has been there every step of the way to support our needs. It's a great place for a technology company to grow."

According to Steve Drohosky, Cummings Center's longtime general manager, Cummings Properties has a long history of catering to the needs of high-tech companies with rapidly evolving business requirements. "With in-house departments for design and construction," he said, "we're able to make changes quickly and affordably for our clients. We love to see these companies grow, and we ensure their space will grow with them."

As the world's leading provider of cold chain visibility solutions, Sensitech enables global leaders in food, pharmaceuticals, and industrial markets to track and monitor assets across the supply chain to protect the integrity of temperature-sensitive products. Sensitech is an ISO 9001:2008 company and is based in Beverly, Mass., with offices in Amsterdam, Boston, Calgary, Melbourne, Mumbai, Redmond, and Shanghai, as well as service and distribution offices around the world. Sensitech is a wholly owned subsidiary of Farmington, Conn.-based Carrier Corp., the world's leader in high technology heating, air-conditioning and refrigeration solutions. Carrier experts provide sustainable solutions, integrating energy efficient products, building controls, and energy services for residential, commercial, retail, transport and foodservice customers. Founded by the inventor of modern air conditioning, Carrier improves the world around us through engineered innovation and environmental stewardship. Carrier is a unit of United Technologies Corp., a leading provider to the aerospace and building systems industries worldwide.

The award-winning Cummings Center is located just one mile from Rte. 128, "America's Technology Highway." It is home to 32 leading technology firms occupying nearly 500,000 s/f of commercial space, which constitutes approximately 25% of the business campus. Cummings Center, the region's largest office and technology park, offers first-class, fully built out space in new and newly renovated buildings for executive offices, medical offices, and laboratories.
