Gillon of Signature Group leases 2,254 s/f to Pediatric Urology Associates

February 17, 2011 - Connecticut

A lease for 2,254 s/f of space at 1290 Summer St. in Stamford is bringing highly specialized medical services to area children with urological disorders. Bobby Gillon of Signature Group, a commercial real estate firm based in Darien, represented Pediatric Urology Associates, PC in the transaction. The Summer St. office is the fourth full-service location for the multi-state practice -- the only one of its kind in Fairfield County. Pediatric Urology Associates has also established satellite offices in Norwalk and Greenwich. Josh Gopan of Colliers International represented the building owner, Aegean Capital, LLC.

Pediatric Urology Associates was founded in 1983 and has other full service and satellite practices in Long Island, Westchester and upstate New York, and New Jersey. The practice employs 11 physicians - three of whom will staff the Connecticut locations - and five nurse practitioners. Its urology subspecialty is geared to providing sensitive, trauma-free care to children and the specific issues they face in confronting genitourinary problems.
