Thompson, Cordeau and Zai of Jones Lang LaSalle represents Digital Realty in 8,100 s/f lease

June 09, 2011 - Front Section

According to Jones Lang LaSalle (JLL), Powers & Sullivan has signed a lease for 8,100 s/f of first class office space on the first floor of Digital Realty Trust's 100 Quannapowitt Parkway. The space is serving as their corporate headquarters.

JLL managing director Tamie Thompson, senior vice president Dan Cordeau and vice president Greg Zais negotiated the lease representing owner/developer Digital Realty Trust. Bill Clark of The Clark Company represented the tenant.

Site of the former American Mutual Insurance Company, 100 & 200 Quannapowitt Parkway is a 387,000 s/f first class office and technology center directly on Rte. 128 overlooking Lake Quannapowitt. It combines modern, efficient office and flex space with maximum corporate exposure and direct access to Rte. 128. The two buildings offer views of the lake, woodlands, jogging trails, a cafeteria operated by ARAMARK, fitness center, men's and women's locker rooms and showers, and a basketball court for employees. There is structured and surface parking on-site for 672 vehicles with a high ratio of 4 spaces per 1,000 s/f. The park is located within minutes of Route 93. Both the North Avenue and Route 129 entrances to the park have direct access to Rte. 128.

Building 100, constructed in 1999, is a four-story 168,000 s/f first class office building in a richly landscaped setting featuring a modern glass and precast Efis façade, quality finishes, and an atrium lobby with seating area.

Building 200 is currently undergoing a far reaching capital improvements program, and being redeveloped into a world class data center. It features a new lobby, redundant power feeds and fiber connectivity via major carriers.

According to Tamie Thompson: "Powers & Sullivan was the fifth company to lease space in less than a two month period. The company was attracted to the highly visible landmark location and easy highway access. Activity remains strong on the remaining 53,000 square feet in the Building 100 and for the data center space in Building 200."
