## **Consigli Construction moves Portland office to 15 Franklin Street**

June 28, 2011 - Northern New England

Consigli Construction Co. Inc.'s local office has moved into expanded space at 15 Franklin St. This new office environment will further strengthen the firm's ability to provide clients with advanced construction management services.

"This move is an important step in our strategy to provide the highest level of service and value to our clients," said Matt Tonello, area manager for Consigli's Maine operations.

Projects completed by the Portland office include the MaineHealth corporate headquarters in Portland, the importation/isolation facility for The Jackson Lab in Bar Harbor, the award-winning Penobscot County Judicial Center in Bangor and the new emergency facility at Central Maine Medical Center in Lewiston. Current projects include the phased renovation of the Margaret Chase Smith Federal Building in Bangor and the first building in a new ocean research and education campus for the Bigelow Lab for Ocean Sciences in East Boothbay.
