Jewett Construction Co., Inc. completes 46,000 s/f FedEx project and hires Gower as project superintendent

July 12, 2011 - Front Section

Jewett Metal Buildings & Steel Erectors, under contract with TRB Development Group Inc., recently completed construction of a new FedEx Distribution Center. The multifaceted project includes 46,000 s/f of new construction to house office and warehouse facilities as well as numerous loading docks.

In addition, Jewett Construction Co., Inc. recently hired Jeff Gower as project superintendent of its jobsite management team. Gower brings eight years of construction expertise to the company.

Jewett Construction is a Raymond, N.H.-based design-build/construction management firm specializing in commercial and industrial projects throughout the northeast. It is the parent company of Jewett Automotive Design & Construction and Jewett Metal Buildings Steel Erectors, specializing in automobile dealership design and construction, and steel buildings respectively. Collectively, their clients include such well-known organizations as Northeast Credit Union, SIGSAUER, the Grappone Automotive Group, Exeter Hospital, and Manchester Community College.

Jewett Metal Buildings & Steel Erectors, a division of Jewett Construction Co., Inc., provides professional pre-engineered metal building sales and installation, welding and miscellaneous metals work to clients throughout New England.
