## **KW Commercial offers opportunities in real estate**

September 15, 2011 - Front Section

KW Commercial offers an unprecedented opportunity in the real estate industry. Gary Keller often says that Keller Williams Realty was a "grand experiment." Now, as we sit on the precipice of becoming the largest real estate company in North America, it doesn't seem so experimental! When KW Commercial began a couple of years ago, we began with the same faith - that we could build a world-class commercial real estate organization that would truly change the industry.

Today, with more than 1,300 members, we truly believe that KW Commercial is the fastest-growing commercial firm in the real estate industry. And it's members like us that made the launch of KW Commercial a tremendous success and will continue to build it to greater and greater heights.

- \* An unmatched commission structure where you can earn the ability to keep 100% of your commissions;
- \* Training and coaching opportunities with the very best in the commercial business, from a partnership with CCIM to our new MAPS Coaching program with Reagan Dixon;
- \* The KWCLS and Vendors - a proprietary listing system that sends your leads to all the industry's major listings syndicates: CoStar, Catylist, Property Line, eProperty Data and Commercial Source;
- \* International Practice Groups that allow you to build a powerful and profitable referral network;
- \* World-class marketing, branding, Websites and commercial logos that power your business; and
- \* A culture of team-play and support that you won't find within the walls of any other commercial firm.
