Consigli Construction's Portland office named Best Place to Work in Maine

November 30, 2011 - Northern New England

Consigli Construction Co., Inc.'s Portland office was named #1 in the "Best Place to Work in Maine" large firm category at an awards banquet held last night at the Ramada Conference Center in Lewiston. Consigli was among 40 other Maine companies honored at the event.

"It is great to be recognized along with all of the other superb companies here tonight, some of which are our most trusted clients," said Matt Tonello, Consigli area manager for Maine. "The engagement and perseverance of our Maine employees and our shared goals and commitment to build the best project possible at the highest quality and in the safest manner we know how is what makes Consigli the best place to work."

In its sixth year, "Best Places to Work in Maine" is a celebration of companies that create environments where people love to work. This statewide survey and awards program was designed to identify, recognize and honor the best places of employment in Maine, benefiting the state's economy, its workforce and businesses. The comprehensive survey asks employees for anonymous feedback and evaluation of their company leadership, benefits, advancement opportunities and community engagement. This is the fifth year Consigli has participated in the survey.
