Cushman & Wakefield represented the IT infrastructure company Akibia, Inc. in a long-term lease extension of its corporate headquarters at 4 Technology Dr.

Cushman & Wakefield's team of associate director Stephen Woelfel, executive directors J.R. McDonald and Michael Frisoli and associate Peter Whoriskey represented Akibia in this transaction. The landlord RREEF was represented by Colliers.

Akibia, a Zensar company, provides innovative Infrastructure Management solutions that enable leading companies worldwide to optimize, secure, manage and support their mission-critical infrastructure.

Founded in 1988, Akibia has offices throughout the United States and Europe.

"Akibia is an exciting cutting-edge technology company, exactly the kind of company that is fueling the positive economic growth and employment in Massachusetts," said Woelfel. "We were pleased with the efforts of RREEF in negotiating a long-term extension that helped keep the Akibia in Westborough."
