Cornerstone Square at 80% occupancy

June 21, 2012 - Retail

Cornerstone Sq., the area's soon to be completed retail/office location, is being embraced by retailers and medical office tenants-with the occupancy rate for the development climbing to over 80% - a full six months before the mixed-use development opens.

"The leasing interest has been incredible ever since the project was first announced," said Dusty Burke, president and CEO of American Commercial Real Estate and leasing broker for Cornerstone Sq. "Our tenants recognize the value of being a part of well-located, stylishly designed retail and medical office center, and want to be part of the excitement this development is creating."

Cornerstone Sq. is a 238,000 s/f mixed-use development comprised of 191,000 s/f of retail and 47,000 s/f of medical office space scheduled to open in October.
