Vision 3 Architects completes 20,000 s/f flex building

July 12, 2012 - Rhode Island

Vision 3 Architects has completed the core and shell of a 20,000 s/f, one-story "flex" building at 1700 Highland Corporate Dr. at Highland Corporate Park. The developer, The Economic Development Foundation of RI, is currently seeking tenants. The building features the ability to have up to 4 tenants.

The project is part of the EDFRI master plan of providing a flex building type to allow a mixed-use group of business, warehouse, and light industrial to any of the tenant spaces. This building is the fourth of its type for Highland Corporate Park. The other "flex" buildings were part of a three building development (Cumberland Commerce Center) that is fully leased.
