Vanags promoted to vice president at BVH

February 14, 2008 - Connecticut

According to BVH Integrated Services, Inc. Alan Vanags, P.E. has been promoted to vice president. In his new position, Vanags will serve as principal and will be involved in the overall management of the firm.

Vanags has 22 years of design and project management experience at BVH. Currently, Vanags is working on the design of a high tech electrical system for Quinnipiac University's York Hill Campus, including a microturbine and stand-by power generation with demand limiting controls.

Vanags is a graduate of Hartford State Technical College and the University of Hartford.
