What your firm does now and its plans for the future? Continue to provide timely and effective public service.

Hobbies: Snowboarding, mountain biking, basketball

Favorite novel: I really don't read novels. I do read scholarly stuff and am currently on our library wait list for "What Money Can't Buy," by Michael Sandel

Favorite film: My wife Darya, a SAG member, taught me to never answer this question without first being specific to genre as it would be unfair to pick just one

Keys to success: Eat right, make exercise part of your lifestyle, work hard, and hope for the best.

Person you admire most (outside of family): People who are honest, amicable to others and of selfless humor.

If you had to choose a different profession, what would it be? This is tough because there are so many things I'd like to try; professional snowboarder; color commentator for the NCAA tournament; a weatherman so I have an excuse to go outside in violent weather; an infinitely wealthy Wall Street guy - maybe I should have tried that one first.
