Hamilton joins BL Companies as senior project manager

August 16, 2012 - Connecticut

According to BL Companies, a multi-disciplinary architecture, engineering, environmental and land surveying firm providing services to public and private clients in the Northeast and Mid-Atlantic, Tom Hamilton has joined the as senior project manager serving BL's growing energy and utility infrastructure markets.

Hamilton possesses over 30 years of experience in the energy industry which encompasses multiple engineering, construction management and operational disciplines. He has comprehensive expertise in high level program and project management on complex engineering and construction management projects for transmission and distribution pipeline and facility projects for electric and natural gas. This expertise adds to BL's proven track record of successful project completion for our clients in this market. Hamilton is well versed in all the requirements and interrelation of engineering, environmental services, permitting and regulatory compliance, and construction. He has successfully completed many intra- and interstate gas transmission pipeline projects.

Leveraging his experience, Hamilton will assist BL Companies' clients in meeting their aggressive development and infrastructure needs for projects in the Northeast and Mid-Atlantic regions including expanding work in Conn., Mass., N.Y., Penn., N.J. and Ohio. He will also be involved in the development and implementation of BL's growth strategy for the shale plays and overall energy market.
