Flynn Construction begins 13,280 s/f project at 52 Daniel Webster Hwy.

August 23, 2012 - Retail

Flynn Construction Corp. has begun construction of the new facility for "Interstate All Battery Center" at 52 Daniel Webster Hwy., just north of the Nashua city line.

A groundbreaking ceremony was held on April 23. The new energy-efficient 13,280 s/f steel and masonry facility will house all types of batteries for sale to accommodate the requirement of business and personal uses. This expansion and relocation will enhance and add to their already excellent reputation for quality products. An early fall completion is expected.

Flynn Construction Corp. is a full-service design-build general contractor serving all of New Hampshire. They are a member of the "Green Building Council" focusing on energy-efficient steel building and masonry structures. Flynn provides an economical alternative for the end user in the construction of service, manufacturing, retail, multi-tenant and warehousing projects.
