Constructed in 1996, the building features concrete block walls with clear heights that ranging from 22 feet under the mezzanine office to 28 feet in the rear portion. The building is located just off Rte. 1 and is less than two miles from I-95 and four miles from Rte.128.

"As is apparent from the inclusion of Automile in their company name, CrossFit's owners are thrilled to be opening in this bustling retail corridor," said Minnerly. "The area offers the right mix of high-volume traffic and easy highway access that is sure to help CrossFit Automile succeed."
