Town of Franklin development news

September 27, 2012 - Spotlights

Several large construction projects within the town have recently been permitted, the most recent being 2 Forge Parkway, within Forge Park. Approvals for this location were granted for the construction of a 10,000 s/f physical therapy and rehabilitation services office for Milford Regional Rehabilitation Center, which is currently located in a rented office space elsewhere in the town. The new medical center will be located across Rte.140 from the new U.S. headquarters building for Hamilton Storage Technologies at 3 Forge Parkway, which consists of a 51,000 s/f light manufacturing facility. Hamilton's facility was permitted and received a Tax Increment Finance Agreement with the town during 2011 and is under construction.
