10-05-2012 - Environmental Business Council of New England Government Matchmaking

September 27, 2012 - Green Buildings

EBC 6th Government Matchmaking and Contract Teaming Forum: October 5, 7:3am - 12:00pm This EBC Program will provide an opportunity for large, small, and disadvantaged companies to learn about each other's services as they seek teaming opportunities for future private sector and government contracts. Businesses will learn first-hand from other environmental businesses about the services or equipment they provide for contract teaming opportunities. The program will also provide attendees with the opportunity to hear about the process toward becoming certified (as Small, Disadvantaged, Woman-Owned, etc.) by the U.S. Small Business Administration and Environmental Program Opportunities with the U.S. Army Corps of Engineers. This forum will provide each presenting company with the opportunity to make a brief (5 minute) presentation of their services. After six presentations there will be a networking break followed by more presentations and networking time. This is a "must attend" event to help all firms develop their strategic alliances for government procurements and other future bidding opportunities.

New England Real Estate Journal - 17 Accord Park Drive #207, Norwell MA 02061 - (781) 878-4540
