Sullivan Construction completes Magellan renovations

October 18, 2012 - Construction Design & Engineering

Sullivan Construction, Inc. has completed the interior office and laboratory renovations for Magellan Diagnostics. Included in this fast-track project were a complete fit-up of a 16,500 s/f office area and the construction of a 5,500 s/f bio-lab space. The project-needed completion within 8 weeks and the team at Sullivan exceeded the schedule expectations.

Magellan Diagnostics is a medical device company that provides point-of-care systems, clinical laboratory instruments, and analytical laboratory services focused on lead testing. Magellan is dedicated to offering high quality; reliable products that help identify children and adults at risk of harm due to lead exposure.
