Consigli Construction voted one of best places to work

December 06, 2012 - Northern New England

Consigli Construction Co., Inc.'s Portland office was ranked #2 in the "Best Places to Work in Maine" large firm category for 2012. The firm has been ranked as one of the top ten places to work in Maine for five years.

"Being recognized by our Maine employees time and again as a great place to work is a testament to our shared goals and commitment to building the best projects possible at the highest quality and in the safest manner we know how," said Matt Tonello, Consigli area manager for Maine.

In its seventh year, "Best Places to Work in Maine" is a celebration of companies that create environments where people love to work.

This statewide survey and awards program is a project of the Society for Human Resource Management (SHRM) - Maine State Council and Best Companies Group, and was designed to identify, recognize and honor the best places of employment in Maine, benefiting the state's economy, its workforce and businesses. The comprehensive survey asks employees for anonymous feedback and evaluation of their company leadership, benefits, advancement opportunities and community engagement. Forty-two Maine companies were named Best Places to Work in Maine in two categories: small/mid-sized firms (15-249 employees) and large-sized firms (250+ employees).
