What do you do now and what are you planning for the future? I want to address the issue of "what's in it for me?" with regard to membership through a variety of channels, including the offering of scholarships for community college students; refine committees and have less seminars but with more substance that members want. I'm also looking at having a second annual conference on loan servicing and secondary marketing in May, in addition to the traditional one in the fall.

Key to success: You have to be really good to get to the top and really great to stay there.
