Vision 3 Architects completes 3,800 s/f project for \$1.6 million

March 07, 2013 - Rhode Island

Vision 3 Architects joined Coastway Community Bank in celebrating the opening of the inaugural location of their new 3,800 s/f prototype retail branch on Comstock Parkway.

The branch is intended to be the first of multiple locations for the design, which uses quality, traditional materials of brick, stone, and glass to create a new brand identity for Coastway Community Bank. The atrium-like lobby utilizes an open plan and liberal use of glass to provide an open and inviting environment for the bank's growing number of customers. E. Turgeon Construction Corp. was the construction manager for the \$1.6 million project.
