What year did you discover the New England Real Estate Journal and what business were you doing at that time? I first learned about the NEREJ when I finished college (1987) and wanted to break into the commercial real estate business. I was told to study the NEREJ page-by-page if I truly wanted to understand the business.

In what way has the New England Real Estate Journal been a benefit to you and your business? The NEREJ has served as a tremendous source of information and marketing for me over the years. I appreciate the positive focus of the Journal. The NEREJ has been an important part of my business (and family) for two decades.

How long have you been affiliated with the commercial real estate industry? 25 years in the business
