What year did you discover the New England Real Estate Journal and what business were you doing at that time? I discovered the NEREJ in 1996 when I was looking for a job in the commercial real estate field. The NEREJ got me up-to-speed quickly as to who was doing deals and what firms were most active. It additionally provided me with valuable market intelligence, which still holds true today. It is a great resource to get an updated snapshot on what is happening in the overall Boston market.
