In what way has the New England Real Estate Journal been a benefit to you and your business? First off, happy 50th birthday New England Real Estate Journal! Our senior management team has been reading the New England Real Estate Journal, for as long as I can remember, for me since the late 1990s. NEREJ, to us, is the bible for real estate owners and operators. There is always something interesting and educational to glean from each issue, whether it is networking/relationship building guide, information technology, conference & event schedules, our own advertising and promotion - we look forward to each and every issue.
