What year did you discover the New England Real Estate Journal and what business were you doing at that time? "I entered the real estate industry in 1982 when I joined A.W. Perry, Inc. A copy of the New England Real Estate Journal could always be found on our founder's desk, which has been in our offices since 1884. For a new entrant to the industry, the NEREJ was an important source of industry knowledge."
