BRAGB: Where membership matters

June 20, 2013 - Construction Design & Engineering

The Builders and Remodelers Association of Greater Boston (BRAGB) is a trade organization that has been serving the Commonwealth since 1944. BRAGB consists of a diverse group of industry professionals including builders, remodelers, architects, designers, engineers, brokers, bankers, attorneys, distributors, wholesalers and many other professionals. The association provides its members with networking opportunities, educational programs, events and many other resources.

BRAGB, in conjunction with our affiliate, The National Association of Home Builders (NAHB) protects the industry by advocating for best practices, high ethical standards and public policy reform that promises to increase the bottom line for industry organizations.

Now more than ever it is important to be a part of a dynamic and robust group that supports your industry. If you are interested and willing to invest the time, your involvement in BRAGB will generate returns.

The Builders Association holds several events throughout the year to facilitate interaction among both Associate and Builder members. All segments of the Association benefit from being involved and connecting with other members. As a member of the association you will have access to a printed membership directory, a personal login on the BRAGB website and the NAHB portal. You will also have the ability to feature your company through various sponsorship opportunities throughout the year.

For more information contact Gerry-Lynn Darcy, executive officer, at gerry@bragb.org or call 781-890-2101.
