McFarland Johnson hires Casale as senior transportation manager

July 11, 2013 - Front Section

McFarland Johnson has hired Pompeo Casale, P.E., as senior transportation manager. Casale will be responsible for enhancing the firms highway and bridge services throughout the state. Casale has over 30 years of experience in the transportation engineering field. Casale graduated in civil engineering from Northeastern University and spent his career specializing in highway and bridge design, design/build, ITS, public works, utilities and construction management projects. He is active in the engineering industry and is a member of a numerous organizations, including the Boston Society of Civil Engineers, APWA's New England Chapter, and ASCE.

One of his initial duties will be to establish a formal Boston area office to serve as our base of operations.

McFarland Johnson is a full service consulting engineering firm providing planning, design and construction administration services to clients throughout the Northeast.
