REFA annual golf outing held June 25th at Great River Golf Course

July 19, 2013 - Connecticut

The REFA annual golf outing, originally scheduled for June 10, took place on June 25th. Temperatures in the 90's with the sun shining, terrific golf and super networking led to a very successful REFA golf outing. The outing took place at Great River Golf Course, and like past years, everyone who participated enjoyed the day.

Like the last many years, proceeds have been donated to worthwhile causes and this year is no different. Habitat for Humanity seeks to build community and improve lives by partnering with low income families and community volunteers to build simple, decent, affordable, safe and efficient homes. Habitat welcomes people, regardless of faith, to build with them in partnership. The ultimate goal is to eliminate substandard housing in lower Fairfield County and Hartford County.
