September 05, 2013 - Front Section

According to Related Beal, The Clarendon's highly sought-after residences located at 400 Stuart St. are 100% sold, signaling the most significant marker of success for the property and its renowned development team. This major accomplishment designates The Clarendon as one of the first luxury new construction high-rise condominium buildings in the city to achieve a sold out status, reinforcing its position as a leader in this highly competitive market.

The Clarendon achieved sell-out with the sale of Penthouse 3 for \$6.2 million. Located on the 33rd floor, Penthouse 3 crowns The Clarendon's coveted Penthouse Collection, which offers three, full-floor 3,500 s/f residences, revealing panoramic 360-degree views. Each penthouse offers expansive living spaces that include a great room with wrap-around floor-to-ceiling windows, a library, three bedrooms and three full en suite baths plus a powder room, with fireplaces in the great room and master suite. The master suite also includes walk-in closets and an oversized windowed master bath complete with a soaking tub, separate shower and double vanities.

Penthouse 1 at The Clarendon sold in January, achieving a record-breaking price of \$1,834 per s/f for a luxury new construction high-rise condominium at that time. In addition, Penthouse 2 sold for \$5.9 million in June.

Designed by Robert A.M. Stern Architects, the condominium residences, starting on the 15th floor, offer panoramic views of the Charles River, Boston Harbor and the downtown skyline. The Clarendon's design and amenities have been lauded by the marketplace and the brokerage community alike.

Adhering to Related's nationwide commitment to green development, The Clarendon has received LEED Silver Certification, the benchmark for high-performance sustainable design from the U.S. Green Building Council.

The Clarendon was the first collaboration between Related Companies and Related Beal (formerly The Beal Companies). The Clarendon benefits from the expertise of both firms, as well as the family collaboration of Bruce Beal, chairman of Related Beal and Bruce Beal, Jr., president and a general partner at Related Companies.
