## **Walker & Dunlop provides \$113 million financing for 1,068 units of housing**

November 07, 2013 - Financial Digest

Walker & Dunlop, Inc. has provided more than \$113 million in financing for 1,068 units in five cities in the state. More than \$72 million was structured under HUD's 223(f) program for entirely affordable properties.

Senior VP, Ellen Kantrowitz and VP, Chris Rumul, specialize in structuring customized financing solutions for affordable properties and led the team that structured the financing for Cobble Hill Apartments in Somerville and Millbrook Square Apartments in Arlington. Both properties are entirely affordable with project-based Section 8 contracts. Walker & Dunlop conducted an energy cost savings analysis for both properties and underwrote projected expense savings based on planned energy-efficient replacements, providing the borrower with significant utility and maintenance savings.

Senior VP, Andy Gnazzo and Mike Darling, along with Chris Rumul worked together to structure the 223(f) financing for 384-unit Shrewsbury Commons. This team recently structured similar financing for the same borrower for Amherst Park Apartments, a 90% affordable property in New Hampshire.

"We have closed six transactions with Walker & Dunlop through HUD's 223(f) program during the past 24 months and once again Walker & Dunlop delivered on time and as promised for Shrewsbury Commons and Amherst Park Apartments," said Rick High, John M. Corcoran & Company president. "Walker & Dunlop's experience and deep relationships with the local HUD office facilitated smooth transactions from start to finish, along with strategically locking in long-term, fixed rate financing at a low rate. We value our relationship with Walker & Dunlop and look forward to working with them again soon."

While these deals were concentrated in the Northeastern United States, Walker & Dunlop's affordable multifamily financing experts are active nationwide.
