What are your predictions for commercial RE in 2014?

December 27, 2013 - Spotlights

What are your predictions for commercial real estate in 2014? Every meeting I attend and observations on the street lead me to believe that 2014 will be a strong year in the Boston area market. It's also good to see space upgraded and used for new purpose throughout New England. Energy Efficiency gives the largest ROI of investments owners and bill holders can make. Look for the new programs to come out in 2014 and support technologies that are being refined as we speak. A lighting upgrade can help you sell commercial space.
