What your firm does now and its plans for the future? ThermaXX provides removable insulation for steam piping components requiring maintenance or inspection. Our primary focus is energy savings and work area temperature reduction. ThermaXX's patented smart technology wirelessly transmits pipe temperatures and documents accurate energy savings. ThermaXX continues to invest heavily in R&D and focuses its effort's on developing cutting edge technology for the mechanical insulation industry. ThermaXX recently became part of the "Internet of Things" by uploading real-time Pipe insulation temperatures to the "Cloud."
