North Branch Construction, Inc. building Community Bridges

February 20, 2014 - Construction Design & Engineering

North Branch Construction, Inc. is building a new 3,200 s/f house for Community Bridges. The single story six bedroom START facility-based respite home will provide active therapeutic supports to individuals who have been determined to require out-of-home evaluation, stabilization, and treatment implementation. The home includes an open-concept common room, kitchen and dining area, as well as separate meeting rooms.

Susan Phillips-Hungerford, AIA is providing design for the project, to be completed next spring.
