Quickly and efficiently complete the final steps needed to earn your CPM designation by enrolling in the CPM Capstone track. This track is designed for CPM candidates who need to complete their management plan requirement and take the CPM Certification Exam. The first half of the week will be spent learning the essential components of a property management plan and then demonstrating proficiency in the elements that make up a management plan by completing the "Management Plan Skills Assessment" (MPSAXM), an alternative to submitting a plan independently. The track concludes with the CPM Certification Exam.
