## **Building and Land Technology completes 107 apartments**

April 17, 2014 - Connecticut

Leasing began March 22 at The Key at Yale & Towne, the latest modern apartment building to open at the Harbor Point community.

The urban-inspired residences, located at 110 Towne St., will offer one of the most desirable locations in the Harbor Point community in the midst of an exciting array of retail shops and dining establishments. The Key at Yale & Towne is situated two blocks from the Stamford Transportation Center and minutes from downtown Stamford, providing residents with easy access to all the area has to offer.

"The Key at Yale & Towne represents a unique lifestyle experience within Harbor Point," said Paul MacKnight, residential portfolio director for Building and Land Technology, the developer of the project.

"The exciting suite of amenities at neighboring 111 Harbor Point will also be available to residents at The Key at Yale and Towne, including a dazzling rooftop pool, BBQ pavilions, fitness center and resident clubroom," adds MacKnight. "By combining these amenities, we've created a comprehensive lifestyle experience that delivers exactly our residents want - transit friendly locations and urban inspired design that extends beyond the apartment walls to social spaces throughout the building."

Harbor Point offers more than 20 acres of parks, a mile-long waterfront boardwalk, world-class marinas and an exciting calendar of entertainment and events.
