Jewett Automotive Design & Construction completes renovations to Tulley Automotive Group's Buick GMC dealership

April 24, 2014 - Front Section

Jewett Automotive Design & Construction, a division of Jewett Construction Company, Inc., has completed renovations to the Tulley Automotive Group's Buick GMC dealership.

Designed by Bruce Ronayne Hamilton Architects, the project involved both interior and exterior showroom renovations, as well as upgrades designed to comply with the latest GMC image requirements. Work included new sales and sales manager workstations; bathrooms; flooring, ceilings and lighting; a new glass and aluminum curtainwall; and ACM cladding. These upgrades have greatly improved the energy efficiency of the building.

This is just the latest project Jewett has undertaken for the Tulley Automotive Group. Other projects include a new BMW dealership and service center in Manchester, and an addition and renovation of Tulley BMW in Nashua.

Jewett Automotive specializes in design/build auto dealership facilities, auto dealership additions, auto dealership renovations and auto dealership fit-ups all across N.E., completing close to 60 such projects in the last few years. Many other repeat clients include such well-known organizations as Commonwealth Motors, the Grappone Automotive Group, the Route 44 family of dealerships, RC Olsen Cadillac, Ford of Londonderry and Watertown Ford.
